G3 Machinery Erected	G4 Civil Works commenced	R3 Government land sought and allocation/identification in process	R4 DPR to be submitted	4

The Chief Minister said that Andhra Pradesh has a lot of opportunities and based on the available resources in the State a detailed study should be made to identify the location

and type of industries. A continuous dialogue with the investor is also important, he added.

“We need to attract more investments in the Agriculture and allied sectors. This will help in creating more job opportunities for the youth”, the Chief Minister said.

The progress of the projects should be uploaded on the website from time to time the Chief Minister stressed.
